MINUTES

PORT OF SIUSLAW COMMISSION MEETING

Wednesday October 18, 2017, 7:00pm 100 Harbor Street, Florence, Oregon 97439

These Minutes will be reviewed for approved at the Regular Meeting on November 15, 2017

Commissioners Attending: Terry Duman, David Huntington, Nancy Rickard, Mike Buckwald, Bill Meyer

Staff Attending: Dina McClure, Interim Manager; Kelly Stewart, Interim Administrative Assistant

1. President Duman called the meeting to order at 7:00pm.

- 2. Approval of the Agenda: There were no changes to the Agenda.
- 3. Public Comment:
 - David Swinney said live aboard customers are requesting Post Office boxes at the Port. Buckwald was concerned about postal regulations and asked Swinney to do research. Duman was concerned about the Port's responsibility in handling mail, and staff time.
 - Swinney requested his boat be put back on the discounted moorage rate the previous manager imposed.
 - Swinney said the Port could make money by installing a boatyard and using the 40 acres for a Veterans Memorial Cemetery.
- **4. Approval of Minutes by Consent:** There were no comments and the Minutes were approved by Consent.

5. Approval of the Financials by Consent: McClure said bills paid in September were \$92,028.77. McClure said the workers compensation credit of \$787.60 came in September. McClure said she would prepare a supplemental budget to appropriate expenditures not included in this year's budget. The fire suppression system under Mo's has been completed. McClure said September campground occupancy was 91%. There were no comments and the Financials were approved by consent.

Old Business

6. Erosion repair project update: McClure confirmed with Julie at the Oregon Emergency Management Office (OEM) that FEMA funds are no longer restricted. Approval to reimburse expenses is still pending due to incomplete applications. OEM, DSL and Army Corp of Engineers need revised plans. There is conflict with drawings and water line regulations. Buckwald was concerned the process is taking too long. Duman stated this should have been a simple project and would like a second opinion. Meyer asked McClure to have the engineer get clarity regarding permits and sketches, and report back at the November meeting. Duman was concerned the Port will need to pay to dredge the marina, then pay to install rip rap. Duman said there should be a way to utilize the sediment for both projects.

New Business

7. Review List of Projects: McClure gave the commissioners 3 project reports: FY17-18, FY18-19, and Major Projects. McClure said staff documented and prioritized projects from one end of the property to the other, including Mapleton. Some projects are included in this year's Capital Outlay and others are in the Facilities budget. Huntington questioned how many projects can be completed by staff. McClure said third parties are only needed for electrical and plumbing.

McClure reviewed the projects that range between \$10K and \$100K. McClure asked for the Boards input regarding funding and prioritizing the projects.

There was discussion about the Siuslaw Estuary Trail project. Phase I goes through Old Town and Port property and Phase II is starts at Highway 126. Phase II has been funded by State Transportation Improvement Project (STIP). Phase I has not been funded. McClure plans to meet with City staff in November. Meyer expressed concern regarding the placement of the path in relation to the safety and privacy of campground guests. McClure said there are alternatives to the placement of the path on Port property. McClure requested one Commissioner attend future meetings with the City.

In response to Duman's request to upgrade the storage buildings, McClure said estimates for replacing the roof was \$128,500, and pouring cement pads was \$117,000. Rickard asked if the walls of the buildings were worth putting this much money into. Duman said the structural strength is still intact. McClure said storage revenue is \$22K a year.

McClure said she is working on getting proposals from realtors to market the PVIP property. McClure said there will be a resolution to update the Public Contracting Policy next month. McClure said staff and the board need to work on updating policies and ordinances.

McClure said rate increases are due for the campground and moorage, but there should be improvements to justify an increase. McClure said the Strategic Business Plan is a good tool to prioritize projects and identify sources for funding. Buckwald said the Port needs to involve residents throughout the entire District and suggested forming a committee. Duman suggested sail boat classes, crabbing and fishing classes, and other activities for the public. Buckwald asked staff to reach out to the entire District and prepare a report each month.

8. Review Port Manager Job Description and Discuss Recruitment: McClure asked for input to revise the job description and said any changes would require a motion and a vote. Buckwald said making changes were important, and in order to do it right he requested more time to work on it. Meyer agreed and said ORS 777 states the Port is free to hire anyone that can assist them in managing the Port and that there is no statutory description required. It was decided that each board member work on their revisions before the next meeting and come prepared to a work session scheduled for 6pm on November 15.

9a. Manager Reports:

- Auditors will be here October 20 for field work.
- A meeting is scheduled with ICM's manager and contractor to discuss building repairs.
- Boom logs will be installed early November.
- The OPPA Conference was informative and a good networking opportunity.

9b. Commissioner Reports:

- Rickard attended a City council forum about housing and jobs. She also went to a Lane ACT transportation meeting and said they make sure Florence is included in transportation issues. Rickard said this is where the Siuslaw Estuary Trail is funded through STIP.
- Meyer said he also attended the OPPA Conference saying it was worthwhile and he was impressed that the Oregon Department of State Lands is looking out for Ports.

10. Public Comment:

- Michelle Culwell agreed with the Commission about taking time to revise the Port Manager job description.
- David Swinney said the Commissioners need to look at all job descriptions. Duman said it is the Manager's responsibility to revise staff job descriptions.

11. President Duman adjourned the meeting at 8:36pm.

The SDIS Best Practices Program is available to all SDIS Property Casualty Program participants. Its purpose is to assist districts with implementing best practices to mitigate risk in areas of high exposure. This year's program offers each district up to a 10% credit on 2018 general liability, auto liability, and property insurance contributions by completing requirements in the following five credit categories.

To receive credit, the Best Practices Survey (located on the SDIS insurance site) must be reviewed and submitted by a district representative. The district representative will verify completion of the credit requirements within the survey. The deadline to complete the survey is Friday, November 17, 2017.

1. Affiliate Organization Membership – Credit: 2%

You will receive a 2% credit for being a member of any of the following affiliated organizations:

- Oregon Fire District Directors Association
- Oregon Fire Chiefs Association
- Oregon Water Resources Congress
- Oregon Mosquito and Vector Control Association
- Oregon Recreation and Park Association
- Oregon Public Ports Association
- · Oregon Association of Clean Water Agencies
- Oregon Association of Conservation Districts
- Cemetery Association of Oregon
- Oregon APCO-NENA
- Oregon Transit Association
- · Oregon People's Utility Districts Association
- Oregon Association of Water Utilities
- Oregon Library Association
- Oregon Economic Development District Association
- Oregon PRIMA

As we have several district types, this is not a comprehensive list. If you are a member of an organization that is not listed above or has qualified in prior years, please contact Jaime Keeling by email at jkeeling@sdao.com or by phone at 800-285-5461 x 122.

2. Checklist (Employment Practices or Cyber Liability) - Credit: 2%

Districts with Employees

Districts with employees will need to complete the Employment Practices Checklist focusing on employment practice liability exposures to receive 2% credit for this category. This checklist is available within the Best Practices Survey.

Districts without Employees

Districts without employees will need to complete the Cyber Liability Checklist focusing on cyber liability exposures to receive 2% credit for this category. This checklist is available within the Best Practices Survey.

3. Online Training - Credit: 2%

SDAO uses SafePersonnel to facilitate the online training program. Trainings are not accessible through the SDAO website. A personalized training website is created for each member district to access the training library and take online courses. If your district does not have a training website set up through this program, please contact SDAO Member Services to get started. You can call us at 800-285-5461 or send an email with your name, district, and email address to memberservices@sdao.com. We will send your information to SafePersonnel. If your district's training website has already been created and you need assistance accessing the information, please contact SafePersonnel at 800-434-0154.

Districts with Employees

Employment related claims are one of the biggest exposures to the SDIS property/casualty insurance pool. Proving that members have provided sufficient training to their staff is one of the considerations of a more successful defense against this type of claim. To receive credit for this category, you must have the majority of your employees complete either of the following online courses:

· "Discrimination: Avoiding Discriminatory Practices"

This course provides an overview of some best practices that will help manage a diverse environment, avoid discriminatory behaviors, and create a culture that embraces acceptance and respect for all.

• "Sexual Harassment: Policy and Procedure"

The goal of this course is to train staff on how to handle sexual harassment concerns. The course will review sexual harassment in the workplace, handling sexual harassment complaints, remedies for sexual harassment victims, and sexual harassment policy considerations.

Districts without Employees

We have seen a large increase in cyber attacks against member districts. SDIS' reinsurance carrier is now requiring that all members be trained on cyber liability exposures. To receive credit for this category, you must have all board members who are responsible for district funds (check signing, deposits, bank reconciliations and other accounting responsibilities) complete either of the following online courses:

"Browser Security"

A large number of cyber attacks target browser activity. This course provides an overview of browser security and ways to browse the web safely. Topics include: the types of browser threats, the basics of browser security and safe browsing practices.

· "Email and Messaging Safety"

Email is the primary means of attack from cyber-perpetrators. This course provides an overview of cybercrime via email, and how to employ safe email and messaging practices to avoid and help prevent cyber threats, attempts at fraud and identity theft.

4. Policy (Discrimination Workplace Harassment or Cyber Security) - Credit: 2%

Districts with Employees

Your district must have adopted a sexual harassment and discrimination policy. If you do not have one in place, you may download a sample policy.

Districts without Employees

Your district must have adopted a cyber security policy. If you do not have one in place, you may download a sample policy.

5. SDAO/SDIS Training or Board Practices Assessment - Credit: 2%

To receive credit, at least one board member or district staff needs to attend one of the following:

· SDAO/SDIS spring, summer or fall regional training

2017 SDAO Annual Conference

Any SDAO/SDIS on-site risk management training conducted by SDAO risk management staff or management consulting staff during the current policy year
(2017)

· Any SDIS/OFDDA joint trainings. Current trainings being offered can be accessed via the event page.
